

Video intercom

SM-07MN

Slinex SM-07MN is the ideal solution for users who are looking for an inexpensive but fully functional video intercom with a large screen. In addition to the ultra-thin body available in two colors, the SM-07MN is distinguished by MicroSD card slot presence for an external memory card, which is used for saving photos and videos. In addition, the device has 100 snapshots of internal memory.
